

ARLANXEO Deutschland GmbH

To: Whom it may concern

Directive 2006/122/EC

We confirm that no Perfluorooctane sulfonates, as metal salt or free acid, has intentionally been added to the final production step or is used during of its manufacturing of our Butyl, Polybutadiene, Emulsion Styrene Butadiene Rubber and Solution Styrene Butadiene Rubber products and they are not known to be present above unavoidable ubiquitous traces in the final products.

We are convinced that above mentioned semi-finished and finished products do not contain PFOS or PFOS in quantities exceeding the limit values laid down in the EU Directive 2006/122/EC. Directive 2006/122/EC has amended Directive 76/769/EEC.

Yours sincerely,
ARLANXEO Deutschland GmbH

Dr. Hans-Jürgen Mick
Head of Global HSEQ
Business Unit TSR

This information and our technical advice - whether verbal, in writing or by way of trials - are given in good faith but without warranty, and this also applies where proprietary rights of third parties are involved. Our advice does not release you from the obligation to check its validity and to test our products as to their suitability for the intended processes and uses. The application, use and processing of our products and the products manufactured by you on the basis of our technical advice are beyond our control and, therefore, entirely your own responsibility. Our products are sold in accordance with the current version of our General Conditions of Sale and Delivery.
